### **DETAILED ACTION**

This application is in condition for allowance except for the following formal matters:

#### ***Specification***

The specification is objected to as failing to comply with 37 CFR 1.84(p)(5) because it does not include the following reference signs shown in the drawings:

None of the reference numbers in the drawings is in the description (e.g. 2.1.2, 2.1... etc.). An amendment to the specification to add the reference signs in the description is required in reply to the Office action to avoid abandonment of the application.

#### ***Drawings***

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the adhesive film having a three-layer structure with a porous support layer must be shown. No new matter should be entered.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

As pointed out by Applicant, pursuant to MPEP 822.01, the double patenting rejection is hereby withdrawn in favor of this Quayle action due to the above objections.

However, Applicant is reminded that if co-pending application 09/092138 issues prior to the instant Application, the response to this action must be accompanied by a terminal disclaimer.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The instant application recites the specific limitation of a porous adhesive layer support layer to isolate the circuit tape layer from the semiconductor device. This limitation is neither obvious over nor anticipated by the prior art of record. Therefore, all the pending claims in this application are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
